Year 3 Newsletter

Last week we were learning....

how to write an acrostic poem! The theme of this poem will be 'Christmas'! During the week, the children gathered some vocabulary, drafted a poem and performed it. They used tips and advice from Michael Rosen to make sure they were using tone, volume and actions.

We also completed some Christmas style maths questions, using our knowledge from the Autumn term, to discover who the mystery guest was!

To support our Zones of Regulation unit, we watched 'Inside Out' to identify the character's zones and emotions during different events.

This week we will be learning....

how to multiply a 2-digit number by a 1-digit number using the column method. We will be starting with no exchanging and moving onto multiplying with exchanges.

In our new History unit, we will be starting to learn about Ancient Greece. The children will start by thinking about what knowledge they already know and what they would like to find out. We will then learn about something the Ancient Greeks introduced which we still use today ... democracy! The children will be having a debate of their choice to experience what democracy is.

We have started a new computing unit called 2Graph, we will be building up to collecting and presenting data this half term.

Don't Forget!

4 reads at home will result in your child getting a tick on our reading chart! If your child gets 10 ticks they will get a bronze certificate, 20 ticks they will receive a silver certificate and 30 ticks will result in a gold certificate.

We have set tournaments on Time Table Rock Stars – which class will be the winners this week?
