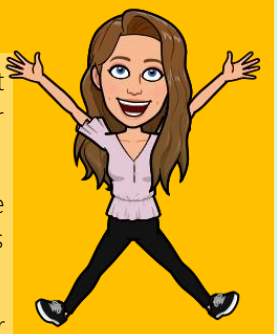
Year 3 Newsletter

Last week we were learning....



how to sign the alphabet, days of the week, months of the year and emotions in BSL! We also built on our French knowledge through games, songs and activities. Year 3 thoroughly enjoyed their Languages day!

The children started their final science unit, 'The Nappy Challenge'. They used their investigative skills to dissect a nappy to learn about the different parts. They then formulated some questions using the enquiry words. We will be using these questions to base our future activities on.

In PE, we started the Boot Camp unit in which the children discussed the impact of exercise on their bodies as well as completing a circuit of activities.

This week we will be learning....

about how the world is becoming endangered in our Learning Challenge lesson. We will begin with looking at rainforests and endangered animals. This will support us in building our knowledge to produce a presentation.

It is assessment week next week! The children will get the opportunity to show off their skills through a variety of maths, reading and SPaG tests!

In French, we will begin our final unit of 'Ma Famille'. They will begin by learning 5 family members in French. We also look forward to learning some more BSL and recapping on what we already know!

Using the joining techniques learnt last week, the children will be creating 3D sculptures in art, working cooperatively with a partner.

Don't Forget!

Please remember to label cardigans and jumpers as the children tend to discard them on the field at break times and, without a name, it is extremely difficult to return them to their correct owner.

Home Learning...
