Year 3 Newsletter

Last week we were learning....

about the Genesis 2 story! The children rewrote the story and thought about how this teaches Christians and Jewish people to care for the world.

In French, we learnt about how to introduce our family members including father, mother, sister, brother, aunt, uncle, grandmother and grandfather. We also introduced words 'petit' and 'grand' for younger and older siblings.

We want to say a big well done to the children for all their determination and independence shown during assessment week last week! You really showed off your amazing knowledge!

This week we will be learning....

all about theatre productions as we venture down to Queen's Theatre! We will be going back stage to learn about what it takes to run an amazing show including lighting, sound, props and costumes.

It is Geography Day on Friday! We will be spending the day exploring the outdoor area, finding physical and human features that are in our school grounds. We will also be researching an endangered animal as part of our Learning Challenge unit.

In maths, the children are continuing their unit of time. They will be reading start and end times on analogue clocks and move onto working out durations of time to solve worded problems.

Don't Forget!

Please remember to label cardigans and jumpers as the children tend to discard them on the field at break times and, without a name, it is extremely difficult to return them to their correct owner.
