Year 3 Newsletter

Last week we were learning....

The children took part in some amazing activities during Maths Week, including designing and creating their own maths board game relating to fractions. They showed fantastic creativity and unity whilst creating their imaginative games. The children also went on a shape hunt around the school and also used angle eaters to find right angles!

In Geography, the children started their new unit, 'What makes the Earth angry?', by looking at volcanoes. They learnt how and why volcanoes erupt and where some of the most famous volcanoes are located around the world. The children then wrote some amazing fact files based on their new learning.

This week we will be learning....

Year 3 will be visiting the local library this week. The children will be learning how to independently find a book of their choice and will be able to choose a book to take back to school.

In Art, the children will be creating tone in their observational drawings through the use of shading using different techniques. They will learn about the rules of shading and creating light and dark tones.

During English this week, the children will be independently researching information about robots, which links to our core text 'The Iron Man'! They will be writing their own non-chronological report using their research.

Don't Forget!

Please ensure water bottles have secure lids so when they fall over and the water doesn't spill everywhere!
