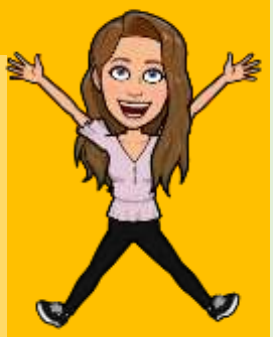
Week beginning

29.04.24

Year 3 Newsletter

Last week we were learning....



Last week, the children learnt what plants need to be able to grow and be healthy. They also looked at what would happen if some of the elements were missing, such as no light or no water.

During DT, the children enjoyed using their prior knowledge about the features of a castle to design their own versions. They also needed to have a think about what materials they need to start collecting at home. We can't wait to see their end products!

This week we will be learning....

The children will begin planning their own narrative this week based on our core text 'This morning I met a whale' by Michael Morpurgo. They will be imagining that they are Michael who has gone for a stroll in London and discovered a whale. They will decide what goes wrong for the whale and Michael and how it is going to be solved for a happy ending.

In science, the children will be investigating how water travels through plants. They will be using coloured water and some celery ... ! Watch this space!

Don't Forget!

Thursday 2nd May is Polling day – the school will be closed for pupils.

Please start to collect any materials for your child's DT project (small shoe boxes, cereal boxes, insides of kitchen rolls, egg boxes, etc.)

Home Learning...

Homework is set every MONDAY and due in the following Monday. This week Year 3 have the following online tasks to complete:

MyMaths: please complete the tasks set

Spelling Shed: please log in and complete the set tasks.

CGP – Pages 62-63

TTRS- our tournament starts on Monday. Who will be the highest scoring individual? Which class will win?!

Spellings

This week, our spellings are:

Group 1 words: science, scene, discipline, fascinate, scissors, crescent, ascends, scented, scenery, descend

Group 2 words: science, scene, scissors, fascinate, work, well, room, park, soon, still

The children will be tested on:

Tuesday 7th May 2024
