Week beginning

24.5.2021

Year 4 Newsletter

Magic Moments!

Last week saw its fair share of wet weather, but it takes a lot more than a thunderstorm or two to dampen Year 4's enthusiasm. We continued to improve our scores for the Boccia Challenge.

We also took our map reading skills to a new level, when we started looking at the different types of roads linking settlements, and planned journeys using a map of the local area. It was lovely to see how much the children enjoyed delving into maps and finding familiar places.

A Peek at the Week...

Earth is in great danger... of being eaten by a space-bat-angel-dragon! All attempts to battle the monster have failed! Only the Iron Man can save us now. Find out, from the Iron Man's own recount of events, what he did to challenge the creature and save Earth (and his precious scrapyard).

In maths, we will be revising our knowledge of time in before converting between hours and minutes of days, weeks, months and years.

In Design and Technology, we will continue to battle with monsters! We will be investigating 'moving monsters' and designing our own through the week. Keep your eyes peeled for any escapees...

In science we will creating and testing electrical circuits. We will also classify different materials as either insulators or conductors.

Don't Forget!

On Friday, we have an INSET day and the school will be closed to children. We hope you all have a wonderful half term break and we look forward to seeing you all refreshed and ready to learn when we return.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week, Year 4 have the following online tasks to complete.

MyMaths For the next few weeks we will be concentrating on times tables so use any of the online resources – Hit the Button, Monster Multiplication on Purple Mash or Mymaths.co.uk. Beat the clock to practise recalling multiplication facts quickly and accurately.

Reading Eggs:. Remember to try to complete two lessons from your own individual map every week. This week, we have set the second chapter from a new library book.

Google Classroom:: Last week we asked for research about a scientist. This week, create your powerpoint.

Spellings

This week, we are learning words which begin with the prefix "bi" which means two.

bicycle, biplane, biped, bicentennial, biannual, bilingual, bicuspid, biceps, binoculars, bisect

Please remember to practise your spellings on Spelling Shed
