Week beginning

15.3.2021

Year 4 Newsletter

Magic Moments!

Our children returning has been the perfect magic moment this week. Everyone has settled well, and we are so pleased with how the children have remembered all the routines. Their enthusiasm and willingness to learn has been evident all week.

In our PSHE work this week, we have focused on feelings and it has been lovely to see the words happy and excited appearing again and again.

It has been lovely to see how the children have started setting new targets for themselves. A number have already mentioned their determination to earn their pen license!

A Peek at the Week...

We will revise persuasive techniques in English and look at examples of persuasive arguments. We will be staging a battle for 'Tastiest Treat' using our persuasive techniques to sway voters. We may also visit Miss Harriet's Home for Girls with Gru from Despicable Me!

In maths, we will be starting our work on decimals – looking at tenths and how they are represented as decimals.

In Topic, we will be looking at the issues faced by the rainforests. This will include what resources are taken from the rainforest and what effect this has on the people, animals and environment.

Our Science this week, is all about melting...we will measure temperature of ice as it melts and make a chart to reveal our findings.

Don't Forget!

Although we have seen a little more of the sun recently, please send the children to school with a hooded coat - spring has definitely sprung and so have spring showers! Fresh air is very important in ensuring we keep all of our children as healthy as possible, so we will be trying to make the most of time outside.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 4 have the following online tasks to complete.

MyMaths Instead of Mymaths, this week our maths homework is on purple mash. We have set a ToDo for revision of times tables.

Reading Eggs:. This week, we have set the first chapter from a new fiction book called Chocolate Chuckles. Keep completing your individual map lessons this week too.

Purple Mash: This week we would like you to use 2Logo to draw some shapes.

Spellings

This week we are continuing with the "shun" sound suffix. It is sometimes spelled "cian" instead of "sion" when the root word ends with "c" or "cs".

musician, magician, electrician, politician, mathematician, technician, optician, beautician, physician, dietician

Please remember to practise your spellings on Spelling Shed
