Year 4 Newsletter

Week beginning

28.6.2021

Magic Moments!

This week, the children have enjoyed using the switches to control electricity. We are hoping that using the switches in class will encourage everyone to turn lights off when they are not needed, although we can't make any promises!

We were so pleased that the weather improved in time for PE on Wednesday. The children have now completed the third Boccia challenge and they really have become experts at controlling the pace and direction of the tennis ball.

The school is looking amazing with lots of examples of our artwork from Art and Culture week. It is really lovely to see the children excitedly pointing out their pieces of work to one another.

A Peek at the Week...

In English we will be looking at poetry and enjoying the rather relaxing book, 'River Story'. This describes the journey of a river, combining information with some interesting vocabulary and amazing illustrations. This is the beginning of our journey through poetry.

In maths we will be starting a unit of work all about geometry. We will begin by looking at angles, triangles and quadrilaterals.

For science this week we will be joining a Webinar! The focus will be STEM in everyday life. Children will be able to look at the science, technology, engineering and maths behind everyday products and familiar experiences by meeting volunteers from these fields.

Please can we remind you that our slides for our RHE lessons can be found on Google Classroom on the PSHE slide. Can we suggest that you take a look at the content and resources on the slides to prepare your child if necessary, as well as be ready for any possible questions at home.

Don't Forget!

Please remember to check any packaging on snacks for break times. They should be healthy snacks (not cakes or crisps) and must not contain nuts. It is important that the children also have a bottle of water (labelled), especially while we enjoy the latest blast of warm weather!

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 4 have the following online tasks to complete.

MyMaths Homework has been set to check your understanding of the different sorts of triangles.

Reading Eggs:. Remember to try to complete two lessons from your own individual map every week. This week, we have set the sixth chapter of our book. If you have missed any chapters, please search for "Gumshoe Gang Cracks the Case" in the library.

Purple Mash: This week, we are practising using the correct verb form in "Word Hop". Can you use the standard English forms correctly?

Spellings

This week, we are revising some of the spelling rules that we have learned in Year 4.

brochure, famous, tension, penniless, hideous, different, astronaut, completion, admission, mathematician

Please remember to practise your spellings on Spelling Shed
