Week beginning

19.4.2021

Year 4 Newsletter

Magic Moments!

During our final week of the Spring term, sunbathing was prevalent as the temperature soared and the children enjoyed their outside time without a coat. We hope the weather continues, especially on PE days!

The children loved watching extracts from Charlie and the Chocolate Factory and we saw some fantastic designs for chocolate bars. The children created delicious designs and super slogans.

There were also some mouth-watering pieces of creative writing as the children planned and wrote about their own unique chocolate rooms.

A Peek at the Week...

As the Summer term begins, we will commence the week meeting a rather mysterious (and accident prone) character in 'The Iron Man' by Ted Hughes. He will meet another 'Iron Creature' of our own creation. Watch out for some powerful, exciting (and noisy) beings!

In maths, we will be continuing to look at decimals – a favourite topic for lots of us!

In Topic lessons, we begin our 'Bright Sparks' topic which will focus upon settlements and renewable energy. This week, we will start thinking about different types of settlements and moving our tribe somewhere acceptable for our needs!

There were so many things to do in the last week of the term, that our science experiment for evaporation had to be moved. So this week we will be looking at how fast washing dries and how the weather can impact on this – we are hoping for a good 'drying day'!

On Friday we will join in the whole school celebration of St George's Day. Don't forget to join in our celebration by wearing red, white and blue!

Don't Forget!

Although we do check the Year 4 inbox on a regular basis, we do not always see emails that are sent during the hours that we are preparing for our day or when we are teaching. If you need a question answered urgently or you need to let us know about a change in collection arrangements, please email the office as they are able to let us know important information whilst we are in class.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 4 have the following online tasks to complete.

MyMaths: There is a homework set for decimals –tenths and hundredths.

Reading Eggs: Remember to try to complete two lessons from your own individual map every week. This week, we've set the first chapter of a new book called "Whose Crazy Idea Was That?"

Purple Mash:.Use 2Paint to create a picture using the technique of pointillism. How quickly can you complete the Monster Multiplication challenge?

Spellings

This week, we are learning homophones - words which have the same pronunciation but different meanings and/or spellings.

seen, scene, here, hear, whose, who's, affect, effect, heal, heel.

Please remember to practise your spellings on Spelling Shed
