Week beginning

08.02.2021

Year 6 Newsletter

Magic Moments!

George showed great respect and compassion in last week's RE lesson. He was able to define the meaning of life confidently, successfully and clearly to his peers. He always shares his amazing ideas in our Zoom meetings and Miss Gad is very proud of him.

Ayo was a fantastic ambassador for promoting mental health in 6S throughout last week. He shared reasons why we should promote good mental health and provided wonderful suggestions for doing this. Thank you so much Ayo!

Evie T impressed Mrs Lawless last week with the dedication she showed to mental health week. She made sure to take time each day to take part in the tasks suggested and even created a beautiful, light up gratitude tree.

Finally, we would all like to give a special mention to Evie H for the video advert she created which advertised her charity event. It was such an interesting and entertaining piece of work. We loved it!

A Peek at the Week...

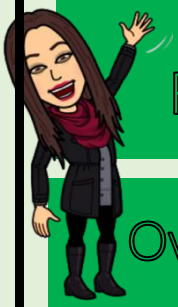
This week our amazing Year 6 pupils have continued to work incredibly hard in their home learning. We are extremely proud of you all for showing a positive attitude and for aiming high in our daily lessons.

In English, we are coming to the end of our studies on Anne Frank. We will be designing and creating a leaflet to advertise and inform people on her life and legacy, as well as what it is like to visit the Annex.

Algebra is the focus of our maths lessons this week. We will be exploring substituting values for letters and vice versa, as well as exploring how to use formulas to solve equations.

In topic, we are exploring rationing during the war. We will be looking at what rationing means and will be creating our own wartime recipe based on what we have learnt. You could even have a go at rustling up something delicious to eat, based on your recipe!

We are ending our work on light by exploring shadow formation. We will be looking at why shadows are formed and investigating how a shadow's size can change. We will also be creating shadow animals with our hands! We wonder if you could create your own shadow story to entertain your families at home or your friends in our zooms?



Don't Forget!

This week is Online Safety Week. We are all using different devices more frequently to keep connected, whatever the device may be, we must ensure that we always stay safe, behave responsibly and that we know who our online "virtual" friends really are.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 6 have the following online tasks to complete:

MyMaths: Function Machines – can you remember what we learnt last week and practise your algebra skills?

Reading Eggs: The Prankster's Club – chapters 4-6

Google Classroom: See your assignments and keep uploading!

Spellings

The rule of the week is:

Words with a 'soft c' spelt /ce/

Please note that these will be tested after half term.

The spellings you will need to learn are:

prejudice nuisance hindrance sacrifice cemetery certificate celebrate necessary deceased December

Log in to Spelling shed to practise!

Keep in touch!
