Year 6 Newsletter

Magic Moments!

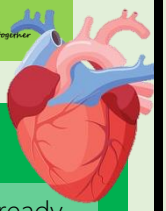
The final week of our spring term brought many magical moments to Year 6!

In 6G, Miss Gad was really impressed with Adam who shared his mathematical knowledge very openly in class discussions. He was very methodical with his thinking. Well done, Adam!

Miss Short was so pleased with Alice's fantastic effort and hard work in maths throughout the week. She listened carefully to the new skills that were taught and showed great determination to master them.

In 6L we have been enjoying our new skipping game 'last man standing' at lunch time. Mrs Jelly and Mrs Window have both praised the class to Mrs Lawless for their lunch time behaviour. Great job 6L!

A Peek at the Week...



Welcome back! We hope you had a lovely Easter break, and are ready for our final term in year 6!

This half term we are jumping into our next learning topic which is all about 'Brilliant Bodies'! We are continuing to read our core text 'Wonder' and discussing how amazing our bodies really are. In English, we will be paying close to attention to detail by looking at paragraphing and creating our own story based on a mysterious picture.

In maths, we will be introducing our new unit on ratio. We will be looking at the relationship between two numbers and learning how to calculate ratio.

Our new focus in science is 'Animals Including Humans.' We will be exploring the circulatory system and the functions of each part within the body. Our topic lessons will take us further into learning about the value of bodily health, as we begin to study the history of medicine. We will be looking at ancient theories and treatments for diseases of different time periods.

And of course, on Friday we will join in the whole school celebration of St George's Day. Don't forget to join in our celebration by wearing red, white and blue!

Don't Forget!

Although we do check the Year 6 inbox on a regular basis, we do not always see emails that are sent during the hours that we are preparing for our day or when we are teaching. If you need a question answered urgently or you need to let us know about a change in collection arrangements, please email the office as they are able to let us know important information whilst we are in class.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 6 have the following online tasks to complete:

MyMaths: We will be recapping the knowledge we acquired during the final week of our spring term by looking at the volume of cuboids.

Reading Eggs: Have a read of 'Monsters' – chapters 1-3.

Google Classroom: If you are working remotely, please see your assignments.

Spellings

The rule of the week is:

CHALLENGE WORDS – set 24

The spellings you will need to learn are:

accompany accommodate access
accuse accost accrue accuracy
accomplish accumulate accentuate

Log in to Spelling shed to practise!
