Week beginning

26.04.21

Year 6 Newsletter

TWO SCHOOLS, ONE VISION

At Towers Schools we build our future together

Magic Moments!

6S thoroughly enjoyed learning about prehistoric and Ancient Egyptian treatments for illnesses last week. Miss Short was particularly impressed with Liam's enthusiasm in discussions and his ability to share so many interesting facts with the class. Well done, Liam!

In 6G, Miss Gad was very impressed with Lexi who has been trying very hard with her maths work recently. She has worked hard to move onto our Silver times tables challenge so very well done Lexi, keep up the amazing maths skills!

6L enjoyed writing some captivating stories last week in their English lessons. Lillie even worked on her story at home and typed up the next piece of her adventure in her own time. Mrs Lawless was so proud of Lillie for taking ownership of her learning and showing great determination to make her story the best it could be.

A Peek at the Week...

In English, we are continuing with our book 'Wonder.' This week we will be focusing on a chapter called 'Halloween' and writing a diary entry in the role of a character.

In maths, we are coming to the end of our work on ratio and proportion. We will be using and calculating scale factors as well as solving problems involving all of the skills we have learnt about ratio so far. The year 6 team have been impressed with the determination shown in our last few ratio lessons!

After exploring the circulatory system and learning more about our hearts, we will now look at another bodily system – digestion. We will learn about the first stages of digestion and the functions of different body parts during these stages.

In topic, we are continuing our learning on prehistoric illnesses and treatments. We will learn how and why the Romans and the Greeks influenced our choices of medicines. Last week we learned some fascinating and gruesome!) facts about medical treatments in the past. We are excited to find out more!

Don't Forget!

As Summer begins to show itself, the temperatures are beginning to rise! As such, please remember to bring your water bottle every day and check that it has a closed lid please. It can still be chilly in the shade, so jumpers and coats are also still needed!

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 6 have the following online tasks to complete:

MyMaths: We are recapping our knowledge by looking at the unit 'introducing ratio.'

Reading Eggs: Find out more about 'Monsters' – in chapters 4-6.

Google Classroom: See your assignments if you are working at home

Spellings

The rule of the week is:

****CHALLENGE WORDS – set 25 – ending in -ably****

The spellings you will need to learn are:

changeably noticeably dependably
comfortably reasonably adorably
valuably believably

Log in to Spelling shed to practise!
