Year 5 Newsletter

TWO SCHOOLS, ONE VISION

At Towers Schools we build our future together

Magic Moments!

Here are some of the many magical moments from art week!

In 5L, Reed worked really hard in French, when we were practising using adjectives to describe nouns. His accent is really improving – tres bien Reed!

In 5R, Georgie showed excellent motivation in trying her best to complete all her work this week, even if she found it a little bit tricky. Well done Georgie, great determination shown!

In 5H, Alfie shared his passion for cars with the class by creating a presentation for the class about the mechanical car that he has built at home. Well done, Alfie!

A Peek at the Week

Let's take a look at the exciting week ahead!
This week we will continue diving into our Core Text 'Who Let the Gods Out' by Maz Evans! We have come across a newspaper in the text called the Daily Argus and we will be writing a newspaper article for this newspaper as our Big Write! Our grammar focus will be using direct and indirect speech.

In maths, we will be converting units of time and applying our understanding of this within multi-step worded problems. This will allow us to continue to develop our approach to reasoning problems by breaking a problem down into smaller steps. We will also be learning about volume; identifying and defining volume and then comparing volume.

We have an exciting opportunity to join a webinar on Tuesday in science which is part of the London Careers Festival. It is a one hour virtual 'Guess my line' workshop for Year 5 and 6 children and will explore careers which link creative skills with digital ones. In RE we will explore a Sikh wedding with a focus on commitments.

Don't Forget!

As we experience some warmer weather, please send in a water bottle with a covered top every day. You may also want to use sunscreen before coming to school and send in a cap to wear in the playground.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 5 have the following online tasks to complete.

MyMaths: Converting units of measurement including millilitres and litres

Reading Eggs: Read chapters 1, 2 and 3 of 'Treasure Quest: The Treasure Hunters'. Remember to also be working through 2 lessons each week on your map.

Purple Mash: Log in and complete your new 2Do task which is to create a house.

Spellings

This week we will learn to spell homophones; words that sound the same but have different meanings.

New spellings: **affect, effect, precede, proceed, draft, draught, dessert, desert, whose, who's**

Log in to **Spelling Shed** to practise your spellings! Let's see if we can make Y5 the top of Towers league!
