Magic Moments!

3P have enjoyed gathering data to create a graph using a graphing software called 2graph on Purple Mash. We learnt what everybody's favourite colours were. Great work 3P!

3D enjoyed learning some classroom instructions in French. We have learnt how to say some instructions and how to respond to them. Très bien 3D!

3H enjoyed learning about light and darkness. We enjoyed guessing what the objects were and explained why we found it difficult – because of the absence of light! Well done 3H!

A Peek at the Week...

This week in maths, we will be looking at the short multiplication and division methods. We will also be looking at scaling to solve problems. We are continuing to learn our times tables and reasoning questions daily.

In English, we will start a new core book called The Firework-Maker's Daughter. We will be working up to writing a diary entry, looking at what features make a good diary entry.

For our learning challenge, we will begin to learn about the Ancient Greeks, focusing on the location of Ancient Greece, the names of the surrounding seas and countries.

In Science, we will continue to learn about light and shadow and how light is reflected off of different surfaces and why.

We will continue to look at the religion of Judaism, focusing on the religious book and their place of worship in RE.

Don't Forget!

Children need to be reading 4 times a week, please record this in their planners.

Please make sure you are checking the dinner menu.
