Magic Moments!

Last week, year 3 enjoyed Science week! We particularly loved the assembly the Science Boffins did. They did a range of fantastic experiments!

3D had an excellent Wednesday morning showcasing their learning about Ancient Greek gods and goddesses. Well done on your hard work 3D!

3P loved conducting a science experiment on whether the children with the longest legs can run the fastest!

3H loved using recycled materials to create castles in DT this week.

A Peek at the Week...

Our learning challenge this week will focus on writing an information leaflet about the Olympic Games. We will also be taking part in a Greek workshop day on Friday!

In maths, the children are starting a new topic about time. They will be consolidating their knowledge of how many hours are in a day, days in a week and months in a year. We will then be reading analogue clocks to the closest minute.

In English, we will be finding the features of a persuasive text. We will be using this to plan and write our own persuasive letter in relation to the Greek Myth Pandora's box.

In Science, we will be learning about the North and South poles. We will be creating our own compasses to identify directions in the playground.

In R.E, we will be doing part two of our lesson 'Why Jesus is important'. We will be focusing on the life lessons Jesus wants Christians to live by.

Don't Forget!

Children need to be reading 4 times a week, please record this in their planners.

Don't forget to dress up for Greek day on Friday!
