Magic Moments!

For Science week, we had a focus scientist to research. Her name is Jade Goodall! The children read all about her, watched interviews and a show based on her research. They then went on to write a biograophy based on her life.

In DT, the children investigated what a pneumatic system was and how they work. They will then use this to design and create their own toys using this system, over the next few weeks.

The children enjoyed starting their new units in PE this week out in the sunshine!

A Peek at the Week...

In English, the children will be writing a newspaper report based on our core text 'The Firework-Maker's Daughter'. They will have a SPaG focus of including direct speech.

This week in Maths, the children will be learning about units of time with a focus on duration of time.

In Learning Challenge, the children will be learning about what a rainforest is, identify the key features and locate some on a map.

The children will be learning about the Christian beliefs of the creation story in RE. They will then write a short paragraph explaing why we should all care for the natural world.

In French, the children will be focusing on a season and learning how to say a short phrase about this season.

The children will be designing their pneumatic toys in DT this week.

Don't Forget!

Please ensure your child is bringing a water bottle into school.

Please remember to label all clothing with children's names.

Please start collecting hinged shoe boxes for your childs pneumatic toy.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 3 have the following online tasks to complete:

MyMaths: Complete the task practising your understanding of what we will be learning this week.

SpellingShed: Complete your spelling practice. The spellings on there will match your group.
