Week beginning

05.06.2023

Year 4 Newsletter

TWO SCHOOLS, ONE VISION

At Towers Schools we build our future together

Magic Moments!

What a week it was before half-term!

The children worked incredibly hard on their summer assessments in reading, grammar and maths. They should be very proud of themselves.

In science, the children enjoyed making and testing electrical switches.

They also enjoyed taking part in many French activities at the end of the week for Modern Foreign Languages Day.

A Peek at the Week...

This week:
English will see the focus on fronted adverbials and adverbials within sentences. We will be basing our writing around How to Train your Dragon.

In Maths, we will be continuing with our topic of Money, estimating, comparing and solving problems. We will then begin our new topic of time.

In PE, we are becoming Young Olympians as we embark upon the Athletics season, linking to the soon approaching Sports Days.

In science, it is Science Week – the theme being: Investigating famous Scientists. Year 4 will be focusing on: Tim Berners-Lee.

Don't Forget!

Now that the weather is getting warmer, don't forget water bottles for your child and make sure all jumpers, cardigans and coats are labelled please.
Please continue to learn your times tables – try this link at home as the children are practising this in school: https://talkingtimestables.uk/y4_ks2_mtc_practice_tests_multiplication_tables_check.php

Over to you... Home Learning

Homework this week:

Maths: Challenge someone in the class to a times table battle through times tables rock star and practise the online test – link above in the Don't Forget box.

Spelling Shed: log-on to practise this week's spellings.

CGP Grammar book: Please complete pages 48-49
