Year 5 Newsletter

TWO SCHOOLS, ONE VISION

At Towers Schools we build our future together

Magic Moments!

There were certainly lots of magical moments in Year Five last week as the Spring term began!

Firstly, we would like to thank our Year Five children and families for all of the fantastic pieces of work that were shared with us. We have been so proud of the attitude of all of our children. Their positivity has been infectious!

The staff were particularly thrilled with the story writing that took place during our English lessons. It was a delight to hear the children reading their stories with such pride. We also loved hearing about the children's dreams for the future – we hope they all come true!

Time to Shine is back next week where we will continue to celebrate the children in year five.

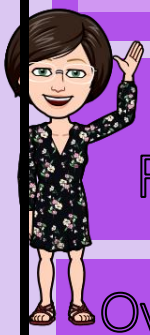
A Peek at the Week

We have another fun-filled week of learning ahead in year five! This week we are continuing to journey deeper into our core text 'Treason'. This week children will be using the story to help them write persuasively in their English lessons.

In Maths we will be using our number skills and shape knowledge to work out perimeter. Our arithmetic practise will continue as normal – who will be able to beat their score from last week?!

Our Tudor topic continues as we begin to find out even more about this historic period. This week we will be looking at where the Tudors lived and also exploring family trees. Our art lesson will also be Tudor based as we look at creating our very own coat of arms.

In Science we are looking at how offspring grow and in R.E we are learning more about Sikhism!



Don't Forget!

For Zoom calls this week, the two groups will stay as they are in the morning and afternoon, but there will be an extra morning and afternoon session which everyone can attend. Remember to use the classroom stream or our email address to contact us if you need us. Our PE day is now on a Wednesday. Please wear a full PE kit if you are in school or comfortable clothing if you are at home.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 5 have the following online tasks to complete:

My Maths: The homework task for this week is looking short and long multiplication. This will recap what we learnt in our maths lessons last week.

Reading Eggs: Remember to log into your Reading Eggs account and continue to complete the lessons on your Reading Map.

Spellings

The rule of the week is:

Words ending in -able and -ible

The spellings you will need to learn are:

dependable, comfortable, understandable, reasonable, enjoyable, reliable, possible, horrible, terrible, incredible.

Log in to Spelling shed to practise!

Keep in touch!
