Year 5 Newsletter

TWO SCHOOLS, ONE VISION

At Towers Schools we build our future together

Magic Moments!

In 5M, we really enjoyed making our introduction to a narrative. We looked at descriptive words and phrases to describe different pictures.

In 5RB, we were very excited to launch our 'Enterprise Experience'! We have been looking at potential items to sell and conducting our own market research to better inform our company.

In 5C, we have been focusing our efforts on our own company for our 'Enterprise Experience'. We have been using our computing time to research the costs of potential items to sell and using our mathematic skills to work out our profit!

A Peek at the Week

In Maths, we continue to look at decimals and how to multiply and divide them by 10,100 and 1000. We will be discovering effective strategies to use when adding and subtracting decimals.

In English, we will be looking at ways to build tension in our stories. We will be examining how different authors achieve this and using this information to help us in our planning of our own story. We will be completing this task in several stages, beginning with an introduction to hook the reader! We will continue to read 'Clockwork' by Philip Pullman as well as looking at extracts of stories from a variety of authors.

In RE, we will be discussing more about different weddings and what this will look like for different religions.

In Science, we will be discussing changes from birth to 12 years old. We will discuss changes such as confidence, skills and interests and how this has grown overtime.

Don't Forget!

As the hot weather continues, please encourage your child to bring a sun hat and a labelled water bottle each day; as these go out onto the field with them at lunch. Sun cream should be applied before coming to school and should not be brought into school due to issues with allergies.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 5 have the following online tasks to complete.

MyMaths: Multiplying decimals by 10 and 100.

Reading: Read four times each week and record this in your planner.

Spelling Shed: log-on to practise this week's spelling.

CGP book: complete page 52 and 53.

Spellings

This week we will be revising these spellings:

transferring, writer, ascend, awkward, species, receive, thought, dough, probably, conscience.

Practice using Look, Say, Cover, Write, Check. Make sure that you find out the meaning of each word.

Keep in touch!
