Year 6 Newsletter

TWO SCHOOLS, ONE VISION

At Towers Schools we build our future together

Magic Moments!

It has been another fantastic week of learning in year 6!

It has been lovely to watch the children's confidence continue to grow in maths, particularly when looking at column multiplication. Ava was very proud of remembering to include the place holder on our second day of multiplication. Well done, Ava!

We were delighted with the handwriting of our children last week when writing their non-chronological reports. We spotted that Oliver had beautifully joined cursive writing and were so impressed.

In PE, we have been creating our own fitness routines to music. It has been lovely to see such great creativity and teamwork! The children have really enjoyed this. Henry has been an absolute star with his dance moves!

A Peek at the Week...

In English, we will be reviewing the pickpocketing scene with Oliver and the Artful Dodger, and creating newspaper reports to log this event. We look forward to being reporters for the week!

In maths, we are continuing to look at the four operations, with a particular focus on long division. The children will be shown two methods for long division and may choose the method that they feel most confident with.

Our topic lesson this week will see us exploring the life of a Victorian child. We will research what life was like for children living during this era and then write diary entries inspired but what we find out. Let's see where your imaginations can take you!

In science, we will be looking at Charles Darwin and the important role he played in shaping our understanding of evolution. The year 6 staff look forward to reading your fantastic fact files on Darwin!

Don't Forget!

Don't forget to check Mymaths, Reading Eggs, Spelling Shed and Google Classrooms for your weekly homework tasks. If you have any difficulties with any of these, please contact the Year 6 inbox.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday.

This week Year 6 have the following online tasks to complete:

MyMaths: Multiplying 3- and 4-digit numbers by 2-digits using column method.

Reading Eggs: Read chapters 1-4 of Staying Alive.

Google Classroom: Create your own print at home and share it with us!

Spellings

The rule of the week is:

****CHALLENGE WORDS****

The spellings you will need to learn are:

achieve bargain controversy disastrous foreign interfere nuisance programme secretary temperature

Log in to Spelling shed to practise!
