Year 6 Newsletter

TWO SCHOOLS, ONE VISION

At Towers Schools we build our future together

Magic Moments!

In 6D Miss Balding was really impressed with the maturity and respect the children showed during our RHE lessons. Well done 6D!

Miss Gad was amazed with the attention to detail 6G showed when taking photos of nature using macro photography. She can't wait to see the final gallery!

Mss Luggar was so proud of everyone in 6L at Sports Day this week. All the children showed determination and resilience in their races and were really supportive of each other. Well done 6L!

A Peek at the Week...

Let's take a look at the exciting week ahead!

In English this week, we are revising our grammar and spelling skills to help us prepare for our move onto secondary school. We are also enjoying our Core Text 'The Boy at The Back of the Class', reading about Ahmet a refugee from Syria.

In maths, we are going to be creating our own theme park this week! We will be planning, budgeting and solving costing problems throughout the week to eventually create a unique theme park!

In science this week we will be using our scientific investigation skills to create tests involving density and buoyancy. We will be designing a boat using plastic bottles, and recyclable materials, then testing how much weight the boat will hold before sinking.

In Learning Challenge we will be working on our non-fiction project about immigration in Great Britain.
We are also continuing our rehearsals for the end of year production. **Please make sure your costumes are in school.**

Don't Forget!

We ask you continue to read with your child in line with our expectations of four times per week and continue to record this in your child's reading diary.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 6 have the following online tasks to complete:

MyMaths: log into your Mymaths to see your task set.

Spelling Shed: log into spelling shed and complete your spelling practice for the week.

CPG p. 92-93

Spellings

This week, our spellings are mathematical terms.

addition, subtraction, multiplication, division, parallel, horizontal, vertical, circumference, diameter, calculation
