Week beginning

17.4.2023

Year 4 Newsletter

Magic Moments!

It was a busy week in the last week of the term.

The children applied their English skills to comprehension and grammar tasks.

In maths, the children explored equivalent fractions and related this to real life.

Year 4 had the exciting opportunity to bake biscuits in the Design & Technology cookery unit, adding an ingredient of their choice. There certainly are some excellent bakers in the year group.

The children have worked so hard in the Spring Term!
Well done Year 4!

A Peek at the Week...

This week:

We will begin to read our new core text: How to Train Your Dragon in English and also watching the film to inspire our writing over the course of the summer term.

In maths we will be completing the fractions topic – subtracting fractions.

The children will begin the electricity topic in Science, finding out what we know about electrical appliances.

In Learning Challenge, we will begin exploring our new topic looking at the United Kingdom and geographical features.

Don't Forget!

Please continue to learn your times tables – try this link at home as the children are practising this in school: https://talkingtimestables.uk/y4_ks2_mtc_practice_tests_multiplication_tables_check.php.
Now that the weather will be getting warmer, don't forget water bottles for your child and make sure all jumpers, cardigans and coats are labelled please.

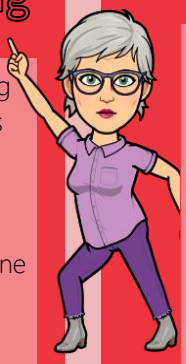
Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 4 have the following online tasks to complete.

Maths – Challenge someone in the class to a times table battle through times tables rock star and practise the online test – link above in the Don't Forget box.

English: – Please complete page 22 of the CGP book.

Purple Mash - Electricity at home 2do task.



Spellings

This week – The 's' sound spelt 'c' before an 'i' or 'e'

	Spellings
busy	circle
eighth	century
Wednesday	centaur
accident	circus
forward	princess
	voice
