Magic Moments!

This week, the children enjoyed getting into their houses and mixing with the year 5 children to take part in a range of activities to celebrate the Chinese New Year.

In Science, the children enjoyed creating their own puppets. They then used them to investigate how shadows change sizes. They showed a fantastic love of learning!

In pairs, the children planned their own scene to recreate in coding. They will use this scene in next week's lesson.

A Peek at the Week...

This week in English, the children are going to be writing their own riddles. They will be related to something that makes them feel positive. This is for the FOTFA's Book of Positivity!

The children will be starting a new unit on Fractions. They will be finding out about numerators, denominators and whole and unit fractions.

We will continue our science topic 'Light and Shadow'. The children will be consolidating their learning by creating a poster of all the knowledge they have gained this half term.

During our Learning Challenge lesson, the children will be learning about the Spartians and Athenians. They will be comparing and contrasting them and relating this to who won the war and why.

In RE, the children will be looking at the Ten Commandments and how they impact Jewish daily lives. They will then use this to create a set of rules for their own daily lives.

Don't Forget!

A gentle reminder for the children to choose a **homework task** from the menu about Ancient Greeks and bring in their completed work by **14th February.**
