Magic Moments!

The children celebrated difference in Black History Month; they took part in lots of activities including researching a musician and a musical genre. They also created a piece of art work and found out about Rosa Parks.

The children showed off all they had learnt during their first unit of French! They took part in speaking, reading, writing and listening activities.

During Learning Challenge, the children learnt about hunter gatherers during the Stone Age. They consolidated their learning of this era by reviewing the changes that took place from the Stone Age to the Iron Age.

A Peek at the Week...

This week in English, the children will be starting a new core text 'The Iron Man'. They will begin by reading the first chapter of the text and then the children will create a character to add to the story and write a character description based on it.

The children will be continuing their unit of addition and subtraction. They will be continuing to subtract crossing place values using a range of methods. They will also be estimating answers and using inverse opperations.

This week, the children will be starting their science topic 'Food and our bodies'. They will begin by looking at healthy diets and creating their own balanced meal.

In RE, the children will be identifying a range of celebrations and discussing celebrations they take part in.

This half term, the children will be learning about fruits in their French lessons.

Don't Forget!

Please ensure your child has a suitable healthy snack for their break times.

Water bottles should have a mouth piece on them that can be covered.

Over to you... Home Learning
