Magic Moments!

All the children enjoyed creating their own character in English. In their big write, they wrote a character description based on their new character. They described their appearance and personality.

This week we have enjoyed learning a new song 'Let your spirit fly' in music.

In Science, Year 3 created their own balanced meals for someone of their choice. They learnt about the different food groups and why they need different food.

A Peek at the Week...

This week is maths week! The children will be taking part in a range of fun and exciting activities to continue to develop their love for maths!

The children will be using their core text 'The Iron Man' in English lessons to create a set of instructions on how to put him back together.

During our geography learning challenge lesson, the children will be discussing what a volcano is, why they erupt, as well as learning about famous volcanoes across the world.

Year 3 will be learning about the celebrations that Christians celebrate. In R.E, they will be looking at the activities, food and importance of the celebrations.

The children will continue to learn the names of different fruits during their French lessons.

With Remembrance Day nearly upon us, the children will be creating poppies to make a wreath in their art lessons.
