Week beginning

16.10.2023

Year 4 Newsletter

Magic Moments!

This week 4RL enjoyed discovering facts about elephants and whale sharks which they collected and organised to use in reports in English. Do you know what a filter feeder is?

This week 4CO enjoyed learning about Hadrian's Wall for History and about what life was like for the soldiers and their families that were posted there.

In 4CH this week, we have enjoyed finalising our artwork based upon colours, textures and the use of different materials.

A Peek at the Week...

This week:
In English, we will read the book 'Imani's Moon' as part of our Black History celebrations. We will also be compiling a fact file for Louis Armstrong and finding out more about Harriet Tubman. In our GPS sessions, we will be investigating conjunctions and how to punctuate and extend sentences.

In maths we will be continuing with our topic of addition and subtraction. We will be subtracting two 4-digit numbers; some of which will require us to exchange and some will not. We shall also be looking at strategies that enable us to subtract efficiently and estimating answers.

Our PE lessons will be continuing to explore various ways in which we can raise our heart rate as well as discussing the positive effects being active has on our bodies. We will also continue to practise our tennis based skills.

In Learning Challenge, this week the children are looking forward to their Roman history day on Tuesday and dressing up as Roman's to fully immerse themselves in Roman life.

Don't Forget!

Please supply your child with an oversized top (with their name on it) to be used for art. It should stay in school throughout the school year.

Over to you... Home Learning

Homework this week:

Maths: Mymaths task – see the task set.

Reading: Read four times each week and sign the planner.

Spelling Shed: Log-on to practise this week's spellings.

CGP Grammar book: Complete pages 22 and 23.

Spellings

This week's spellings are challenge words.

Group 1	Group 2
redo	information
return	sensation
refresh	preparation
reaction	vibration
reappear	decoration
revenge	donation
review	duration
replay	registration
redecorate	population
rebound	determination
