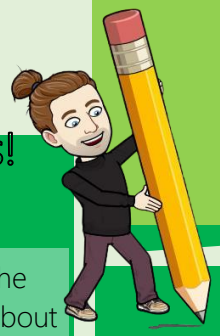
Year 6 Newsletter

Week beginning

15-01-24

Magic Moments!



Miss Gad was very impressed with the respectful discussion that was had about World War II. It is a topic that we are already enjoy learning about and we can't wait to expand our knowledge even further!

In 6BH Miss Balding and Mr Halle were really impressed with the balances the children created in PE this week. We focused on engaging our cores so that we could hold them for as long as possible.

This week, Mr Johnson was pleased with how dedicated the children were during our maths topic: ratio. The children are focused and using their sticky knowledge to solve increasingly challenging questions.

A Peek at the Week...

Let's take a look at the exciting week ahead!

This week, in literacy, we'll be crafting a narrative inspired by the short video "The Piano," which can be found on Literacy Shed. We will be exploring: a setting, a character and atmosphere and will be understanding how language used can be manipulated to interest the reader.

The children will learn about reflection and exploring in science this week. They will learn how it helps us to see the world around us.

In maths, we will be learning about scale drawings and will be accurately drawing shapes to scale. A focus this week is to identify the importance of scale factor.

During RE, we are learning about the story of the Pentecost and how that relates to the Christian concept of God.

Don't Forget!

Next week is online safety week. The children will be learning how to use the internet respectfully and responsibly and improve their digital literacy.

Over to you... Home Learning

Homework is set every MONDAY and due in the following Monday. This week Year 6 have the following online tasks to complete:

MyMaths: log into your Mymaths to see your task set.

Spelling Shed: log into spelling shed and complete your spelling practice for the week (set 15).

CGP – Pages 53, 60 and 61

This week, our spellings are challenge words (set 15):

produce, impact, transport, silence, permit, object, contest, subject, increase, freeze
