Magic Moments!

Miss Gad has been blown away by the teamwork and effort the class have shown when preparing for the 6G assembly. We hope you all enjoyed it!

In 6BH Miss Balding and Mr Halle are amazed with the children's scientific observations when we were conducting our science experiment this week. They thought scientifically about which beak is best for a bird to collect the most amount of seeds. Well done 6BH!

Mr Johnson was amazed by the children's attitude to learning prime numbers and the determination they showed to reach the additional challenge.

A Peek at the Week...

Let's take a look at the exciting week ahead!
In English this week, we are going to be coming to the end of our core text wonder which we have loved reading this term! We will be researching a range of book reviews and creating our own reviews on Wonder!

In maths, we are using our reasoning skills to develop our understanding of long and short division. We will be using our factors knowledge from last week to help us solve a range of challenging questions.

In Learning Challenge this week, we will be planning a report about the British Empire. This will be an opportunity for the children to demonstrate what they have learnt about the British Empire this half term.

In PE this week, we will be working in partners to develop our accuracy skills in badminton. This is a unit we have enjoyed this term and now we are going to challenge ourselves even further and ensuring we sore the most points between us and our partner!

Don't Forget!

Our PE days are on a Tuesday. Please can the children come into school wearing their PE kits. Long hair must be tied back and earrings will need to be removed.
