Year 3 Newsletter

Last week we were learning....

The children used their imagination to create their own alternative endings to the 'Iron Man' story in our English lessons. A great deal of perseverance and determination was required but the children are really beginning to show that their writing stamina is improving.

In art, the children enjoyed using magnifying glasses to look at different parts of flowers. They really tried hard to create observational drawings of the parts of the flowers, showing detail and using their shading and mark making skills from earlier in this unit. We think that we might have some budding Picasso's and Van Gogh's in our midst!

This week we will be learning....

how to use our 4 and 8 times tables in maths to multiply and divide. Our Times table rock stars focus is on the 4 times tables and of course we will continue with daily reasoning questions.

In Geography, the children will be working in a group to create a volcano so they will need to show unity and co-operation. It will be so exciting to make the volcanos erupt when they are completely finished.

During R.E lessons, the children will find out about the Islamic religious festival of Eid-Ul-Fitr at the end of Ramadan and the customs associated with it.

Don't Forget!

Your children can now bring in their Christmas cards to post in the classrooms. Please ensure that the class names are included for children in other classes.

We will be doing the Reindeer Run on Thursday in our PE lesson, please ensure your child brings in their antlers and any sponsorship money.
