Year 3 Newsletter

Last week we were learning....

...why we have bones, specifically our skulls. We observed the effects of exercise and other day to day activities on the brain and discussed why having a skull is important to protect it.

The children showed off their knowledge during assessment week last week, they took part in some reading and maths assessments. They also published their non-chronological reports based on robots, to go on our amazing work wall.

In Learning Challenge, the children enjoyed finding out the effects of earthquakes and tsunamis on the people in the local area.

This week we will be learning....

The children will be continuing with their multiplication and division unit, focusing on sharing and grouping, multiplying and dividing by 3 and multiplying and dividing by 4.

On Monday, the children will be watching the Iron Giant in their English lesson! They will use this to then plan and write their own alternative ending to the story – get your creative hats on Year 3!

During our Art lesson, the children will be learning about botanical drawings. Inspired by Linnaeus and Darwin, they will be sketching flowers, adding in shading and tone which we have learnt in previous weeks.

Don't Forget!

Year 3's PE day is on a Thursday, please ensure your child wears their PE kit with appropriate footwear and that long hair is tied up.

Every Monday, your child must bring in their spelling book and homework book.

Any donations of flowers are welcomed for our art lesson on Tuesday.
