Week beginning

13.05.24

Year 5 Newsletter

Last week we were learning....

The children were fascinated as they met the mysterious and seemingly intimidating Kensuke in Chapter 5! After being introduced to such a unique character, they enjoyed using their creativity and writing skills to build up a conversation between the old man and our main character, Michael. The children's learning was inflated as they investigated how a chemical reaction can produce gas that can be used to inflate balloons. They had so much fun observing the chemical reactions that were happening in front of them. They showed unity working as a team to collate results for the rest of their peers.

This week we will be learning....

The children will dive deeper into their learning about how to prepare food, in order to carry out the steps of a recipe both effectively and safely. How will they choose to present their final products? What healthy ingredients will they choose to include? The children will also use their knowledge of the Gunpowder Plot and will have an opportunity to learn more about Guy Fawkes through a fun, absorbing and interactive drama and dance workshop delivered by The Don Rae Academy of Movement and Arts. The children will need to wear their PE kit on this day – Thursday 16th May 2024.

Don't Forget!

Homework is due on a Monday so please remember to bring in your CGP book in. Also please remember spelling books. Remember to read four times at home each week which will lead to the children earning a tick towards their reward certificate.

Also PE kits on Monday (PE) and Thursday (Don Rae dance workshop).

Home Learning...

Homework is set every MONDAY and due in the following Monday. This week Year 5 have the following online tasks to complete:

MyMaths: Decimal complements

Spelling Shed: Homophones
