Week beginning

15.04.24

Year 5 Newsletter

Last week we were learning....

In the last week of term, the children showed empathy and understanding when learning about endangered animals. They researched animals around the world and the factors that are causing them to become extinct. As an outcome of all of their fantastic research, the children produced excellent informative awareness posters. Continuing on from this learning, the children then wrote amazing formal letters informing the reader of the impact of deforestation on the rainforest. They were very persuasive! Finally, the children had so much fun hopping on the space hoppers for their sponsored bunny hop. Happy hopping for Easter!

This week we will be learning....

After completing last term's key text, Percy Jackson and the Lightning Thief, now the children will be diving into a brand new text: Kensuke's Kingdom. This will involve them in investigating a range of new and unfamiliar vocabulary and getting a sense of the context and tone of this fascinating story. On top of this, the children will also be building on their knowledge from last term, as they are introduced to their new Maths topic: Shapes and their properties.

Don't Forget!

Homework is due on a Monday so please remember to bring in your CGP book in. Also please remember spelling books.

PE Day is now on a Monday.

Home Learning...

Homework is set every MONDAY and due in the following Monday. This week Year 5 have the following online tasks to complete:

MyMaths: Angles 3

Spelling Shed: To spell words that are adverbs of possibility.

CGP – Page 39

Spellings

This week, our spellings are:

definitely
possibly
probably
frequently
infrequently
occasionally
rarely
certainly
obviously
often
