Year 6 Newsletter

Last week we were learning....

WOW! What a fun filled week we had at Stubbers! We enjoyed a range of laser combat, paddle boarding and team-building activities. We are so proud of the children for representing Towers in a wonderful way so well done to all our Year 6 children for being the shining stars they are!

We also started discussing and auditioning for our end of year production: Towers does 'The Wizard of Oz'. The children showcased their acting skills and we will be continuing to work on this over the next few weeks! We can't wait to share this with you all!

This week we will be learning....

About essential life skills as we celebrate Skills Builder week! We will be looking at the importance of: 'Aiming High, Leadership and Staying Positive' skills that many of our Year 6 children already possess!

We will also be starting to explore our science topic this term: The Titanic. Children will start to explore and use their maths skills to understand how density contributes to buoyancy!

Don't Forget!

To ensure you are bringing in your script as we will be rehearsing for the production most afternoons during the week!

Home Learning...

Homework is set every MONDAY and due in the following Monday. This week Year 6 have the following online tasks to complete:
